

Access guide for the online platform of Yellow Research to view the video of the MSCA session on June 16, 2022 (information session and Q&A)

Access Code ("coupon" code): MSCA4MATHS

1. Access our platform on <https://yr-courses.teachable.com>. You will be first asked to create your personal account/log in on the system.
2. Once logged in, you will see an overview of all current online courses offered by Yellow Research. Select the course option "Platform Wiskunde Nederland - MSCA PF 2022 for Mathematicians" authored by **Lotte Jaspers** (be sure to select the correct course, as the access code will not work for other courses on our platform).

Alternatively, you can also use the friendly URL <https://yr-courses.teachable.com/courses/pwnmsca22> for direct access to the course.

3. Click the button "Enroll in Course". You will then be directed to the payment screen, where you will find an Order Summary. Please **do not include your credit card details and do not complete payment**, but select the option "Add Coupon" and insert the Access Code stated above for free access. Once this step is completed, you will have access to all the materials on the course.

*Please note, these materials are **confidential and meant strictly for personal use**. These files are not to be re-distributed to any colleague, team member or other persons without the express written consent of Lotte Jaspers.*
